4. [] Talked to Jim Woolsey, General Counsel, Senate Armed Services Committee, who said that he hoped the transcript of the Colby testimony would be ready by tomorrow and he would call us.

Woolsey said that Chief Counsel Dash, of the Ervin Select Committee, had asked to see copies of the CIA documents we had provided the Armed Services Committee. I said I understood the Appropriations Committee had provided the Ervin Committee with copies of Volumes I and II. Woolsey said in that case apparently the Ervin Committee didn't know what it had.

Woolsey promised to alert us immediately if Senator Symington reopened the question of publishing the transcripts of Agency testimony regarding Watergate, Ellsberg, etc.
